

BAIYILED SLD5 LED Streetlight

SLD5 Series 140W/160W

Product Features

Enjoy savings up to 80% without compromise on brightness or light quality.

Many municipal authorities are embracing the benefits of contemporary outdoor lighting – increasing comfort, safety and security, making districts more attractive, and enhancing the public's sense of well-being. Not to mention its positive impact on environmental protection and city branding.

BAIYILED SLD5 LED Streetlight is suitable for a wide range of applications, from major traffic roads to city centers, from outdoor parking area to factory and warehousing area.

BAIYILED SLD5 LED Streetlight is equipped with top quality Osram LED chips, with unique design that allows adjustable Installation angle from 15° to 90°. It has been designed to allow direct replacement of HID solutions without compromising on spacing, mounting height or light quality.

BAIYILED SLD5 LED Streetlight has been certified by CE, RoHS, LM79, etc. It has also been tested by many other European institutes and labs with excellent results.
