

BAIYILED LED Retrofit T8 Tube

T8C Series 10W/12W/18W/28W

Product Features

BAIYILED T8C LED TL tube is a high lumen LED light source that delivers excellent energy efficiency, high quality of light, and has a lifetime of at least 50,000 hours. Not only is it working as a retrofit LED tube for fixtures with industrial / magnetic ballast, but also a LED light source for new LED luminaires and solutions.

It gives you all the benefits of LED lighting, while ensuring that you can easily upgrade your lighting installation as LED technology develops, without replacing or rewiring the entire luminaire.

BAIYILED T8C LED TL tube has been certified by TÜV, CE, RoHS, LM79, etc. It has also been tested by many other European institutes and labs with excellent results.

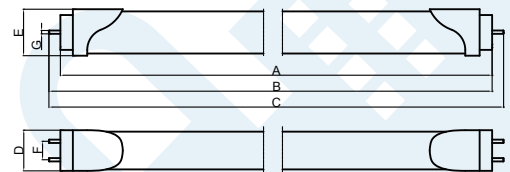

Applications

- Car parks
- Refrigeration
- Offices
- Supermarkets
- Retail
- Train / Metro / Bus Stations
- Bus / Metro / Train
- Factories

Parameters

Lifespan	50000H		
Rated power	10W / 12W / 18W / 28W		
Voltage	AC 90-264V 50Hz/60Hz		
Lamp size	600 mm 900 mm 1200 mm 1500 mm		
Beam angle	140°		
CRI	≥80		
Color temperature	3000K/4000K/5000K/6500K		
Luminous flux (Milky diffuser)	10W	12W	18W / 28W
	1100lm	1320lm	1980lm / 3080lm
Working environment	-30°C~50°C		
Power factor	>0.95		
Power efficiency	>86%		
Dimmable	Optional		

	A		B		C	D	E	F	G
	Max	Min	Max	Max					
10W (600mm)	589.8	594.5	596.9	604.0	28	32	12.7	2.3	
12W (900mm)	894.6	899.3	901.7	908.8					
18W (1200mm)	1199.4	1204.1	1206.5	1213.2					
28W (1500mm)	1500.0	1504.7	1507.1	1514.2
