

## DESCRIPTION

The Juliet is a surface mounted emergency exit light which delivers a high light output. The fixture is equipped with a 3-hour battery with a test button and an automatic self-test function which will test the battery 3x a year. The LED indicator on the fixture will provide insight on any errors. This emergency lighting fixture can easily be attached to the ceiling or can be suspended with the suspension cables.

The sign is available with different pictograms and is visible on both sides so that the best result can always be achieved.

## PRODUCT DETAIL

Product Code	BY-EL-EXIT
Product Description	Juliet LED Emergency Exit Light
Colour	White

## TECHNICAL SPECIFICATIONS

Power (W)	3,7W
Voltage	220-240V
Frequency	50/60Hz
Lifespan	50,000 Hours
Driver	Integrated
Test Function	Test Button / Automatic
Housing Material	Aluminium
IP Rating	IP20
Operating Temperature	-20°C ~ 45°C

## BATTERY SPECIFICATIONS

Battery type	3.6V 800mAh Ni-Cd
Emergency Power Supply	>3 Hours
Laadtijd	24 hours
Maintained	Yes
Non-maintained	No
